Product Information	Highball with Japanese Yuzu!								
	Yuzu is a Japanese citrus fruit which has a tart, sour flavor like a lemon mixed with a mandarin orange but it has highly aromatic rind. This highball is made from Yuzu infused in Kizakura semi dry sake and carbonated to give extra refreshment.								
Food Pairing	Teriyaki chicken (seasoned with Soy sauce and Mirin) makes a great match with this product. The distinctive aroma of Yuzu can give the rich dish a fresh accent.								
	It also pairs well with some foods with Gorgonzola like "Pizza quattro formaggi" because of the balance between saltiness of blue cheese and sweetness and acidity in Yuzu highball.
